## DETAILED ACTION

### *Response to Amendment*

1. In response to the Amendment received on June 4, 2004, the examiner has carefully considered the amendments. The examiner acknowledges the cancellation of claim 4 and the addition of claims 10-17. The claim rejection under 35 U.S.C. § 112, 2nd paragraph for claims 1 and 6-7 have been overcome by the amendment and has hereby been withdrawn for consideration—see applicant's remarks.

### *Response to Arguments*

2. Applicant's arguments, see Amendment, filed June 6, 2004, with respect to claims 1-3 and 5-17 have been fully considered and are persuasive. The rejection of claims 1-3 and 7-9 under 35 USC 102(b) as being anticipated by Stansbury et al (6,184,339) has been withdrawn.

### *Allowable Subject Matter*

3. Claims 1-3 and 5-17 are allowed.

4. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance is applicant's amendment to claims 1 which positively recites that monomer (a) has the structure of formula (1) with its subsequent definitions. While the prior art teaches curable compositions comprising fluorine containing copolymers having (meth) acrylate functional groups, the prior art fails to teach a fluorine containing copolymer comprising a polymerizable monomer having the structure of formula 1 and/or formula 2 (claim 10) obtained by the method found in claims 1 or 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
